

## Jiangsu Eastern Shenghong: 2024Q3 Results and Provision for Asset Impairment

Suzhou City, China, October 30, 2024

Jiangsu Eastern Shenghong Co., Ltd. (the "Company") today reported financial results for the third quarter of 2024.

- During the reporting period (July 1, 2024, to September 30, 2024) (the "Reporting Period"), the Company achieved revenue of RMB 108,301,384,933.75, an increase of 4.46% over the same period last year, net profit attributable to shareholders of the listed company of RMB -1,419,062,479.87, a decrease of 155.96% over the same period last year. The changes in revenue and profit were mainly due to the insufficient macro demand and narrowing of product price differentials.
- The provision for impairment of assets for the first three quarters of 2024 decreased the total profit of the Company's consolidated financial statement for the first three quarters of 2024 by RMB 614.7091 million.

## **About Jiangsu Eastern Shenghong Co., Ltd.**

Shenghong has established leading positions in business segments such as renewable energy materials, performance chemicals, petrochemicals, and chemical fiber industries. Underpinned by its leading position and high brand awareness, the products are widely adopted in downstream applications. In particular, Shenghong is a pioneer in the renewable energy materials and performance chemicals sector, and it intends to continually invest in this sector to capture its strong growth potential.

At present, the Company has the 16 million tons/year refining and chemical integration unit, 2.4 million tons/year MTO unit and 700,000 tons/year PDH unit, realizing the full coverage of three olefin production process routes, namely, "oil head", "coal head" and "gas head". Through the differentiated and diversified layout of raw material sources of "oil, coal and gas", the Company has more options and possibilities in terms of comprehensive cost control, coping with the risk of cyclical fluctuations, new product research and development, and process route selection of downstream high-end petrochemical products, building a solid foundation for the Company to further play the advantages of scale operation, reduce the operational risk caused by cyclical fluctuations of the industry, and better realize anti-cycle and cross - cycle steady development.
